

CPB Heat-shrink torch kit

Delivered in an aluminium side-faced wooden case. Components can also be ordered separately

Characteristics

- User-friendly rotating tube connector
- Gas supply shuts off automatically if burner head not installed
- Minimal risk of overheating
- Flame extinguished immediately upon releasing push button
- Continuously adjustable flame
- Bayonet fitting facilitates substitution of burner head
- Quick-starting piezo ignition

Application

- Suitable for thick wall adhesive-lined heat-shrink tubing
- Shrinking of heat-shrinkable polyolefin products using flame or hot air on pre-extruded compound

Scope of delivery

- Wooden case with aluminium profile
- Handle
- Angulated hot-air torch
- Angulated heat-shrink torch
- Angulated needle point burner
- 3 x R 3 pressure control device, 8" li
- Anti-rupture device for tubing
- Gas tube
- Open-end spanner SW 17/19
- Small gas bottle (0.4l content), incl. tube connection valve and suspension hook (CPB6)
- Refill connector for a small gas bottle (CPB6)
- 3 x DIN Kombi pressure control device (CPB5 8" li)

Caution note

- Warning: liquid gas is heavier than air. Adhere strictly to safety instructions provided with heat-shrink torch kit.
